

Orkel 80654 - Radio remote control kit for Dens-X / Hi-X

Description and installation guide

General description

The Orkel 80654 - Radio remote control kit consists of a handheld transmitter, transmitter protection cover, receiver and receiver mount. When connected, it provides the machine operator the possibility to stop the machine remotely as well as to start and stop the bale drop sequence remotely. The kit suits the Orkel Dens-X and Orkel Hi-X, and only these machines.
